

**Hello Everyone!**

**My family came to this community in 1956. My father was transferred here as the new District Forester of Huntingdon County. He and my mother fell in love with the community, the State Parks and former Raystown Dam area. We never left. My brothers and I graduated from Huntingdon High and worked at several area businesses. My wife, Rhonda, and I married, built a home and raised 4 sons in this area. I attended Penn State for two years but my heart was in sales and I became a sales rep for Frito-Lay snacks and retired as a District Manager 39 years later. I have served on the Walker Township Planning Commission for over two decades and been a Mason over a decade. I attended Polley Real Estate School and got my Realtor's license in 2018 and joined the great team at Raystown Realty. My goal in real estate is to work for sellers and buyers to secure their objectives professionally but still have fun in somewhat of a complicated venture.**
